

Education Consultant for Ottawa and Area

Advanced Education has an immediate opening for part-time / contract bilingual Education Consultant to support SMART board use among education clients in the Ottawa area.

This position is ideal for a retired educator, or an educator interested in supporting teachers from outside the classroom.

About Advanced Education:

Advanced Education is Canada's leading provider of SMART Board interactive white board professional development to education. Our team of consultants continues to grow to meet the needs of educators in Ontario. Our education team supports more than 5000 SMART users annually.

The Role:

The successful candidate will provide professional development in the use of SMART Boards and SMART Notebook software to our clients in the Ottawa area. Experience with SMART solutions is preferred but not required. Advanced Education will provide training to the right candidate.

Primary Responsibilities:

- Deliver SMART focused workshops in our state of the art classrooms and at client locations
- Collaborate with other members of the Advanced Education Team
- Provide timely and ongoing support to clients
- Participate in technology trade shows

Skills

- Working knowledge of SMART Notebook software is desirable but not essential.
- Belief in the value of technology as a teaching and learning tool
- Desire and ability to work with adults
- Outgoing, personable, energetic, flexible
- Familiarity with common software applications such as MS Office and PDF

Qualifications

- B.Ed., preferably from an Ontario University
- Member in good standing with the Ontario College of Teachers or other similar institution
- A minimum of three years teaching experience
- Additional Qualifications courses desirable (special education preferred)
- Fluency in French
- Valid driver's license

If the challenge of working with a team of dedicated professionals in a dynamic and collaborative environment appeals to you, contact us to arrange an interview.

Compensation is commensurate with candidate's knowledge and productivity.
