

Advanced is a leading Audiovisual and Collaborative Communications company working with corporations, government agencies, healthcare and educational organizations throughout Canada and beyond. Dedicated to innovation in technology and services, Advanced has a strong set of businesses aligned to meet today's needs.

The company offers presentation and videoconferencing solutions in addition to complete integrated systems, rental and staging of high impact displays, repair and maintenance, value- added integration services including design and engineering, installation and audiovisual consulting.

## AUDIO VISUAL TECHNICIAN

### The Role:

The Company seeks an experienced Audio Visual Technician. The successful candidate will perform installation and service work with regards to audio visual products including video walls, LCD/LED/LPD/Plasma displays, projectors, control systems, video conferencing, wiring and cabling, rack work and audio. Reporting directly to Operations Manager, key responsibilities include but are not limited to:

- Install A/V systems as engineered and instructed by the Senior Technical Engineer and Project Manager at client sites ensuring systems are installed quickly and efficiently.
- Demonstrate integrity on client sites and uphold the quality standards set by the company, testing and commissioning all equipment on job completion.
- On occasion perform service work of A/V equipment as instructed by our Senior Engineers or Project Manager.
- Liaise directly with customer's onsite.

### The Candidate:

Applicants for this role must have the following:

- At least 1+ years experience with hands-on A/V installation / service with CTS (or equivalent) qualification, or the willingness and ability to attain this qualification within 1 year of joining.
- Systems integration experience with Video Walls, LCD/LED/Plasma Displays, Projectors, Video Conferencing, control systems and audio.
- Ability to think & work independently and meet necessary deadlines.
- Problem solving and trouble-shooting skills.
- Strong desire to learn and be trained.
- Good communication skills both written and verbal.
- Access to a vehicle and a clean driving record is essential and required.

We offer a compensation package commensurate with candidate's knowledge and productivity. Package is comprised of base salary plus performance bonus in addition to a company benefits plan.
